Dear Mr. Ensom:

It is our pleasure at Early Childhood Development Support Services (ECDSS) to endorse the Joint Statement on Physical Punishment of Children and Youth. As an organization, we are dedicated and committed to the healthy development of children in Canada and to those who are most intimately involved in those children's lives – parents and caregivers.

We whole heartedly support the recommendations put forth in your document and will endeavor to be advocates and ambassadors for the information contained within. In our role as capacity builders, we have the opportunity to disseminate information via our trainings and committee meetings. We will commit to sharing this information broadly with our networks.

Please let us know if there is anything else you would like us to do in support of your vision.

Warm regards,

Line Marie Perron
